Dear: Molly Taylor

Amazing, Simply Amazing!!!!

After many days of searching for the "right words", I believe the above aptly describe your remarkable selflessness during this holiday season.

Your generosity enabled us to provide gifts for over 500 children in foster care and families in our community. Considering the tough economic times we are facing, your gift was especially heartfelt and substantial!!

Thank you for allowing us the incredible experience of working with people who pulled together and made "Christmas" a reality for the less fortunate families and children of Oakland County.

We truly hope we've expressed our genuine gratitude and appreciation in a way which clearly says.....

Thank You!!

Sincerely,
